

A black and white photograph of an archaeological site. A vertical scale with alternating black and white segments is positioned on the right side of the frame. To the right of the scale, a rectangular label contains the text 'CPS-90', 'CIERRE SUR', and 'PERFIL N'. The ground is composed of dark, textured soil with numerous small rocks and clumps. In the foreground, there are several larger, light-colored, irregularly shaped rocks or debris. The background shows a continuation of the same terrain under a bright sky.
